## About Me

I am a very flexible, hardworking and honest individual that's willing to go to great lengths to be able to achieve his ambitions. I am able to work independently in busy environments and also within a team setting. I am tactful, and able to listen effectively when solving problems or when helping colleagues.

## Experience

### McDonald's Fast Food Chain

Cashier | Drive Thru | MDS (McDonald's Delivery service)

During my time in one of the biggest Fast Food Chains we were greeting customers, recommending food items, collecting payments, promoting special deals, operating various tools and equipment to prepare food, maintaining cleanliness, and ensuring quality control.

### Escape Limassol

Gamemaster | Receptionist | Customer Service

At my position in Escape I have been able to enhance my communication skills with costumers that have come to enjoy an experience. My duties were playing as a gamemaster for games and managing the team and the reception of the building. I have managed to achieve good coordination with other colleagues.

## Education

### 2018 - 2020

Lyceum Of St. Nicolas

### High School Diploma

During my High School years I was following the path of Economic Sciences. After some reflection I have decided that I want to follow the path of the Tech Field or Industry.

### 2021 -Present

Frederick University

### BSc Computer Science

At the moment I am doing my undergraduate degree in Computer Science which is the most thing I am passionate about at the moment.
